

HISTORIC ISLAMORADA

Islamorada's history spans more than 3,000 years and represents a fascinating story of nature's power and human courage in an island paradise. The Matecumbe Historical Trust is a non-profit organization dedicated to the education, history and preservation of the Florida Keys; free information is available by calling or visiting online.

The Trust created the Heritage Monument Trail: Markers and descriptive plaques are located throughout the islands marking sites of historical interest, and a colorful self-guided tour brochure is available, mapping the locations of the markers and giving a brief history of each.

THE HIGHWAY THAT GOES TO SEA

The Florida Keys Overseas Highway, from Mile Marker 110 to Mile Marker 0, was designated All-American Road in October 2009. The Keys highway is the only All-American Road in Florida. It's the highest recognition possible under the National Scenic Byways program established by the U.S. Congress in 1991. Only 30 other roadways in the nation have earned the prestigious title.

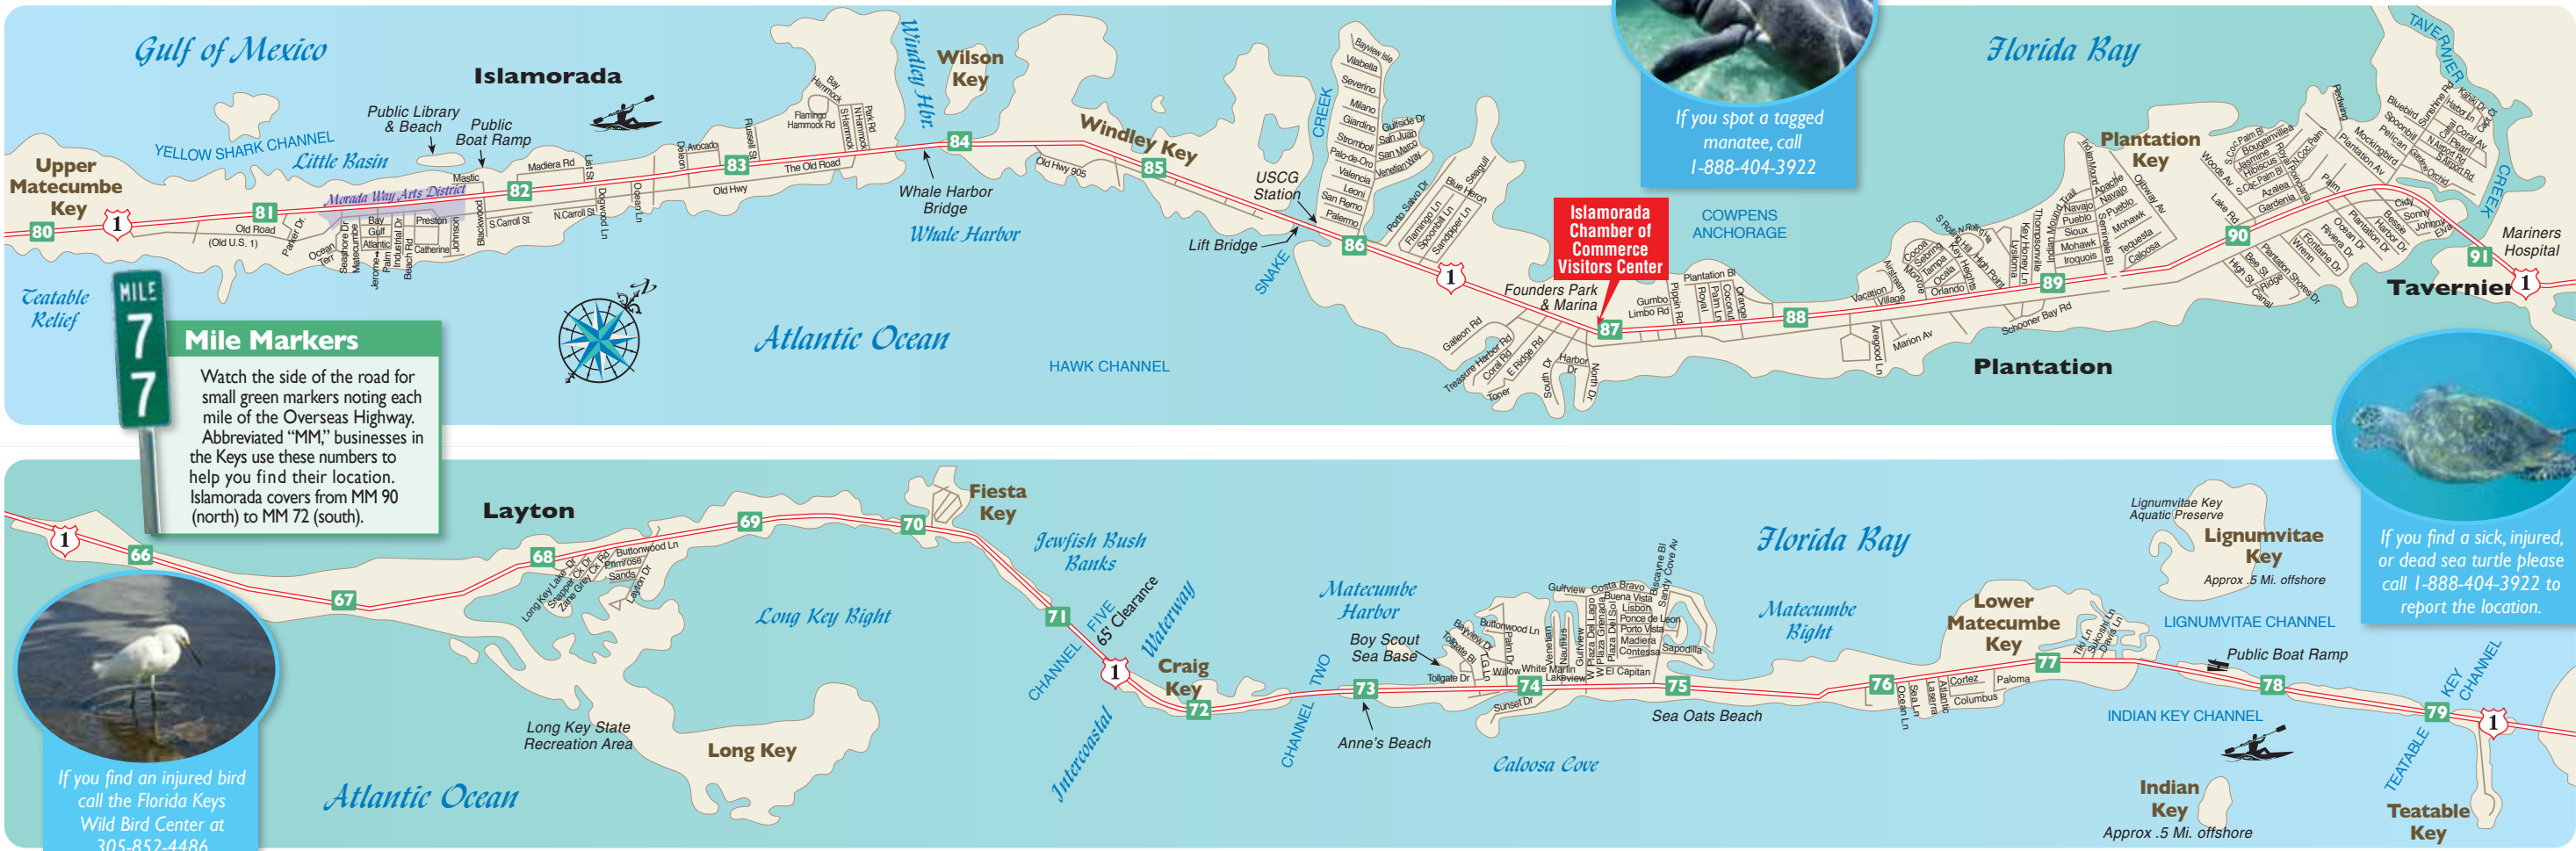

It's been called "the Highway That Goes to Sea," "the most spectacular highway in the U.S." and even "the Road to Paradise." It's the kind of road that not only gets you some place but also takes you somewhere, sealing its reputation as a destination unto itself. And the only place where you can dip your toes in the Atlantic Ocean then walk across the road and dip your toes in the Gulf of Mexico.

Enjoy the drive!
