## What's so special about dining in Islamorada?

**Stone Crab Claws** are a very popular Florida seafood. These crabs have the unusual ability to regrow their claw when harvested by a trapper (only taking the largest claw). Stone crabs can be served hot or cold and pair perfectly with a creamy mustard dip. Stone crab season is October 15 - May 1.

**Key Lime Pie** is a favorite dessert for locals and tourists, made from Key lime juice, egg yolks and sweetened condensed milk. Key lime trees are found throughout the Florida Keys. Key limes are more tart and aromatic than the more common Persian limes. Key lime juice is pale yellow.

**Conch Fritters** are a traditional Bahamian recipe that is made with conch, a wonderful shellfish that is delicious but very hard to find. Many chefs add their own special spice mix to keep their recipe unique. They are good for lunch, dinner or a laid back afternoon snack. Easy to find on local menus.

**Smoked Fish Dip** is a very popular smooth spread served with crackers, bread or fresh vegetables. King, Spanish mackerel, and amberjack are excellent for the smoker and make a great base for this dish. It's served at many local restaurants, or it can be bought in bulk at local seafood markets.

**Florida Spiny Lobsters** are known for their sweet, tender meat. They're delicious grilled or baked. The official lobster season is August 6 - March 31.

**Fish and Shrimp Tacos** are a natural pairing with the huge variety of local fish and Key West pink shrimp available. Delicious — a must try!

**Lobster Bisque** is a delectable, smooth and creamy blend of sweet Florida Keys spiny lobster and spices. As an appetizer or a meal, it's always a delicious choice.

**Hook 'N' Cook your catch!** Islamorada is known as the Sportfishing Capital of the World, and once you've caught your fish, local restaurants will cook it for you.
