"WHAT FLOATS YOUR BOAT?"

RULES (aka Friendly Guidelines)

If it floats and it's NOT a boat... enter it! Your mission: **Build it. Race it. Win it!**

1. **Have fun!** (Seriously, this is rule #1.)
2. **No boats allowed.** That's right—no kayaks, paddleboards, or anything that ever was a boat. Get creative!
3. **Human-powered only.** No motors, no sneaky engines. Just good old-fashioned paddles, sails, oars, or whatever wacky contraption you dream up.
4. **Safety first.** Life jackets required for all racers. We want laughs, not lifeguards.
5. **Show off your masterpiece.** Bring your floating creation to the beach between **9-11 AM** and let everyone admire your genius. Don't forget to name it!
6. **Race like a champion.** At **1 PM**, it's go-time! Foot on the sand, race around the buoy, and get back first!
7. **Clean up, or face the "Shun Squad."** Take your boat and all its pieces home—unless you like being publicly shamed.
8. **The judges make the rules (even if we make them up as we go).** Awards include:
 - **Lucky Ducky Award** – The ultimate honor (and you have to bring the perpetual trophy back next year!)
 - **Most Flamboyant** – Because looking good is half the battle.
 - **Anchor Award** – For the boat that just doesn't want to move.
 - **Eco-Friendly Award** – Save the planet while you sail.
 - **And many more!**

Protests are allowed within 5 minutes... for \$100 cash per complaint. (Spoiler: Your money will not be returned.)

Awards Ceremony at 2:30 PM. Stick around for the glory!

Think you have what it takes? Grab some duct tape and let's find out!
